**GREETINGS FROM JERUSALEM IN THE NAME OF PEACE, JUSTICE, TRUTH, AND
MERCY!**

Dear sir:

We are writing you and your office on behalf of the citizens of the Original Hebrew Israelite Nation of Jerusalem.

We recently received a copy of your "Muhammed Speaks" publication dated September 28, 1973. We call your attention to an article appearing on page 15 under the caption "Israel Deports Black Sect". This article has caused deep disappointment in Black men who are supposedly working in behalf of uplifting the down trodden world of Black people. First of all your caption - i.e. Black Sect - is of the same slanderous nature the White new media used against your organization in the days of your struggle for recognition. Never did the White media credit you with the foresight and ability to conceive in your minds "A Nation."

Turning to the contents of the article in reference to the Hebrew Israelite Nation i.e. "After an unsuccessful attempt to settle in Liberia..." we call your attention to the fact that our staff in the United States and Jerusalem have kept you informed as to our purpose and stay in Liberia. However, you have continuously ignored our communications and have, instead, taken the word of those who seek to distort the truth, those whom you once considered "The Devil", the author and creator of all lies. You well know that the White world attempts to discredit moves made of this magnitude by and in behalf of Black people, especially when land, government and culture enter the minds of Blacks in and from America. We told you time and time again that Black men migrated from America nearly seven years ago in fulfillment of divine promise on a journey to the land of our forefathers - Jerusalem, Israel, North Africa. As you know, the continent of Africa extends from the Nile river in Egypt (Africa) to the borders of the Euphrates.

Before total migration to Liberia, we purchased 350 acres of virgin land 100 miles from the capitol, Monrovia, deep into the interior. Here, men, women and children hacked out of the dense vegetation a dwelling place to pitch tents. The land was so rich that plant growth and vegetation would spring forth overnight after clearing. In the jungle of Liberia we began to understand what it meant to be free.

The majority of us came from the great metropolises of modern Babylon, and we began for

the first time to grow our own vegetables and other foodstuffs on our own spacious land and rich soil. We worked, we played and were very happy, yet there were great hardships before we really realized we were in the East and not the West. But, these hardships and death too were the beginning and making of a new people. Never as we became established on the International scene did the chief men among us lose the vision and purpose of our mission in Liberia.

In the future, men like yourself must take into consideration before printing such articles about the Hebrew Israelite Nation, that there has to be a divine power and not just ordinary zeal would sustain men, women and children from America in a strange new world. You should know that Liberia was established as a Republic for all people in America of African descent to return if desired. As long as there were acts of treason or other conspiracies or other behaviors on our part, there was no way that we could have been removed from Liberia without Blacks in America aroused and "seeing a New Light," during the era of the 60s.

Altogether there were approximately 350 men, women and children that sojourned in Liberia. However, there were several who joined the bandwagon to escape, perhaps, "work". (They did not know the hardships of Nation Building.) When they began to miss the material substances (flesh pots of Egypt) of their former home, "America", they returned.

During our stay in Liberia the late president William V. S. Tubman (grandson of the famous Harriet Tubman) was fully aware of the prophetic mission of the Hebrew Israelite Nation that sojourned in his land. There were many times when those in a position of authority within the framework of the Liberian government were jealous and afraid of Western trained minds, and they sought to make problems for us because they were ignorant of the facts. However, the American government/Embassy always swiftly intervened, fearful of Black America catching the vision. President Tubman likewise intervened, and would place everyone back into his proper place. Also, let the record show that there were other officials within the Liberian government who were forever aiding and encouraging our stay there. On our journey back to the land of our forefathers (North Africa), there was no other place on the continent where Black men from America could enter without assimilation.

We dwelled in Liberia to continue purging ourselves of the mores of the American decadent society before entering the Promised Land. After dwelling successfully in Liberia for two and a half years, we were moved by divine guidance into the country or State of Israel. Israel, as you know, was established by the United Nations in 1948, 25 years after Great Britain decided to give up "the British Mandate of Palestine," created through the League of Nations (1922) on the strength of the Balfour Declaration of 1917. The State of Israel is

situated within the divine mandate boundaries of the promised land which extend from the Nile to the Euphrates.

We call your attention again to your caption under the photo of a family of Hebrew Israelites appearing on pg. 15 of the same article, "...expecting the aggressive nation to accept them..." For further clarification as to position, we are not Jewish, nor Jews by choice, desire, design or religion. We are not a religious sect, nor are we in Israel to convert to the religious ideology of Judaism or to cohabitate with them (Jews) in word or doctrine. But, we are the vanguard of our people from America who have established a positive identity for them. We have come forth to reclaim our name, our language, our culture and our land of our fathers (Israel).

While delving into the history of the geographical region under discussion, we know that you are aware that this land, including Jerusalem, was given by divine mandate to Canaan (Blacks) son of Ham, and was peopled by Canaanite tribes. (Remnants of the Canaanite may be seen today scattered throughout the mountain regions of this land, but they are hidden from public view.) The first Hebrew family arrived in Canaan commencing with Abraham (the Chaldean) who descended from Ur of the Chaldeans, "Ancient Mesopotamia). As Abraham sojourned in Canaan's land he was called "The Hebrew" meaning "One who came from the other side," (Euphrates river). Due to a famine in Canaan Abraham journeyed southward into the adjoining land of Egypt (Mizriam) and dwelt there with the Black Hametic Egyptians. After Sojourning in Egypt's land, he returned to Canaan where he begat his son Isaac, who begat Jacob (whose name became Israel), who begat twelve sons who became known as the twelve Hebrew Israelite tribes. Likewise, due to famine in Canaan they too, with their father Jacob-Israel sojourned in Egypt with the Black Hametic Egyptians who shared the same black pigmentation as the Shemetic Hebrew Israelites, whose stock originated in the Chaldeans (Abraham), land of Hametic and Shemetic people. The only difference as in Egypt was culture, not color.

When the Hebrew Israelites became a nation in Egypt, after 430 years, the Prophet Moses, and his successor Joshua brought Israel back to Canaan's land. (Remember that the present day European-Egyptian in Africa cannot produce any documents or such high knowledge of these events. However, you know that such information is contained in places such as the British Museum, Vatican City, Museum of Paris, etc.) Israel as a nation began to dwell and intermingle with the Black tribes of the inhabitants of Canaan, the Hittites, Amorites, Jebusites, Perizzites and others.

The Hebrew Israelites were aggressive, and after acquiring the knowledge made available to them in the great civilization of Hametic Egypt they became the dominant people in the

land of Canaan. They raised onto themselves judges and kings with such familiar names as Saul, the first king of Israel, David and Solomon the most prominent. After the death of David and Solomon, political disunity continued to disrupt the black nation of Israel and it was scattered into the interior of Africa and later by the high seas into Greece and other regions beginning with the military conquest of the Black Assyrian king, Sargon II and his son and successor Shalmaneser approximately 744-701 B.C. Then the Babylonians took away captive the southern kingdom under the leadership of Judah and Benjamin (606-586 B.C.) The Persians came, the Edomites, Greeks, the Romans, the Byzantines, Spanish, Turks, the British and the current imposters European White Jews. These so-called "Jews" embraced the religious doctrine of Judaism a religion which was founded by the Black Edomites who had been driven by conquest from the south of the Dead Sea know as Edom (in modern times a portion of Saudia Arabia). The founding of Judaism took place at Jerusalem around 445 B.C.

Let the record now show for the benefit of our people that there are those among them who are the only Black people who, without the aid of any people and were the first to dwell successfully outside the confines of the United States of America. We have not asked anything of the American government other than to leave us alone. We've even given America back the myth of our so-called "American citizenship."

_____, men like you should rejoice that a small nation has arisen and troubled one of the world's greatest military and financial powers, a power that put to flight over 110 million so-called Arabs. This power known as the "Jews", "Jewish People", "Jewish State", has instigated with the help of other Europeans (their Christian Brothers) the Great International Religious Conspiracy against Black People in America and throughout the world. This was done in order to conceal our identity and to establish themselves in our land, setup a government with our history, our language (Hebrew and Arabic) and our culture.

We do not want nor do we desire the Israeli government at Jerusalem to accept us as citizens of their society, for the promise of a land and government is ours; it's all or nothing. Men like you, before writing or allowing your journalists to inject such articles into your newspaper for our people to view, should journey up to Jerusalem, sit down with us and be taught and see for yourself the Great conspiracy of North Africa, the so-called "Middle East".

The so-called Arab world that has embraced Islam, the religious philosophy of the Black Shemetic Phophet Muhammed are all modern-day European transplants. This includes the

late President Gamal Nasser of Egypt, its current ruler Sadat, Gaddaffi of Libiya, Hussein of Jordan, Hassan of Morocco, Faisal of Arabia and those of Algeria, Tunisia, the Sudan, Syria, Lebanon, and all the Persian Gulf states. They are all imposters who are remnants of the European Crusaders who, entered North Africa at Jerusalem, crushing the fading and feeble forces of Islam. The Crusader plundered and murdered the original Ishmaelite and Israelite remnants who were at this time dwelling in the scarcely populated region know as Palestine. These imposters invaded North Africa (Egypt, Sudan, Libya, Algeria, Tunisia and Morocco) and imposed their newly discovered culture and religion on these Hametic people who were under the yoke of Bizantine rule. They then drove even eastwards to the Persian Gulf maiming, murdering, and plundering for positions and territories.

You must see and understand the distortion of the history of North Africa and the Near East that has been perpetrated by racists European Historians and constantly projected by the mass media in order that the dead may remain dead (those 25 to 50 million that stand on 125th St. (Harlem), 63rd and Cottage Grove (Chicago), Watts (California), the bloody hills of Virginia, Alabama and Mississippi.) We invite you to come up and see the Israelites of the Promised Seed who have returned to the land under discussion, according to the Divine plan of an all-wise God who yet rules in the kingdoms and minds of men. We have not returned by the will or force of any man, neither shall we ever again be removed from this land. Come that you may inform our people and the world as to this all important breath taking event which has shook the very foundation of Western Civilization.

The mass media of the wicked one does not want to credit little Black people from the Ghettos of the metropolises of America with producing the Promised Messiah and the establishment of a Divine Government under the auspices of the "Kingdom of Heaven" at Jerusalem. For all nations must come as it is written:

"In days to come the mountain of the Lord's house shall be set over all other mountains, lifted high above the hills. Peoples shall come streaming to it, and many nations shall come and say, Come, let us climb up to the mountain of the Lord, to the house of the God of Jacob, that he may teach us his ways and that we may walk in his paths: For instruction issues from Zion, and out of Jerusalem the word of the Lord."

(Micah 4, New English Bible)

Yours for Peace and Justice.
